Term of Reference:

The term of committee shall be for current academic year and committee shall work according to the terms mentioned as below:

- To create awareness among faculty members, research scholars, and students about the importance of Intellectual Property Rights (IPR), including patents, copyrights and designs.
- To encourage and guide faculties and students to identify, document, and protect intellectual property generated through their research and innovation activities.
- To assist inventors in drafting, filing, and prosecuting patent applications with appropriate national and international authorities
- To conduct workshops, seminars, and training sessions on IPR processes, filing procedures, legal aspects, and commercialization strategies in collaboration with experts and legal professionals..
- To support faculty members and students in identifying funding opportunities for patent filing, product development, and technology transfer from government and private agencies.
- To collaborate with external agencies such as patent attorneys, legal firms, industry partners, and government bodies for IPR-related services and knowledge sharing.
- To contribute to the formulation and continuous revision of the institution's IPR policy in accordance with national and international norms.

Dr. Narendra Bawane
