ABOUT INSTITUTE

Jhulelal Institute of Technology is governed by **Samridhi Sarwajanik Charitable Trust** with a noble cause of providing quality technical education to the students in Central India. It is a premiere technical institution established in **2008** offering seven undergraduate courses in engineering disciplines and three postgraduate courses and also Ph.D. research Centre for Commerce & Management, Electronics & Telecommunication Engineering and Computer Science & Engineering. The college has marched towards the pinnacle of glory through its remarkable achievements and laurels in the field of engineering education of high quality and caliber. It envisages becoming an eminent institution through knowledge and research. The Institute is NAAC A+ accredited. Three UG programs (**EE, ME & CSE**) are **NBA accredited**.

ABOUT PRAKALP

The primary goal of the **Prakalp** (National Level Project competition, Startup-Hackathon & Hackblitz) is to promote project based learning, application oriented development activities in the budding engineers of our country to make them realize the interdependence of science, technology and society. It is a national level platform for young engineers to interact, share knowledge and innovative ideas. The competition will develop problem solving approach and appropriate technologies, especially for need based areas and integrating solutions for daily life problems.

• **National-Level Project Competition:** Participants from various engineering colleges showcase their innovative hardware models & also emphasizes unique, practical, and implementable solutions to current challenges.

• **Startup-Hackathon:** Provides an opportunity for budding entrepreneurs to showcase their innovative start-up ideas.

• **Hackblitz:** A time-bound challenge where participants work on real-time problem statements and develop solutions.

Domain:

Any Project related to domains of

- Computer Science Engineering (CSE, AIML and AIDS)
- Electrical Engineering
- Mechanical Engineering
- Electronics Engineering (ECE, ETC and ACT)

ABOUT SHIKHAR

SHIKHAR a Technical Festival was started in the year 2009 at JIT with a vision to broaden the horizon of students in technical as well as management fields. In order to improve our programs, curriculum and delivery strategies, a National Level Technical Festival for Engineering and Management Students. The event provides a platform to innovate and put forth students' ideas in the field of Electronics Engineering, Computer Science and Engineering, Electrical Engineering, Mechanical Engineering & MBA. The event aims to bring together the students from different disciplines of Engineering and Management from various colleges all over India on a single platform.

This year, we are conducting the following events:

Debugging Challenge, Prompt Engineering Challenge, Techverse, Hackblitz 3.0, Tech-Spark, Mathe-Magic, Brand Bingo, Business Quiz, 2D and 3D CAD Modelling, Best from Waste, Techno Quiz, Prastuti, Gear and Glide and Laser Mesh.
